<b>USA FR Rating</b>	NFPA 260, CAL 117 PASS
<b>Lightfastness</b>	EN ISO-B02 7
<b>Maintenance</b>	<p>                       40C Mild Wash. Do not bleach. Do not iron.                      Remove any dust or dirt by vacuum cleaner.                 </p> <p>                     For non-greasy marks, spot clean with warm water and half a spoon of washing powder in a cup of hot water. Blot the stain with a cloth or sponge dampened with this solution, working inwards from the outside of the stain. Do not rub. Do not use stain removers. Acid-based solutions will change the colour.                 </p> <p>                     For greasy marks, remove with acetone (ph neutral). Once the mark has been removed, apply a solution of washing powder to the fabric and rinse off with clean water.                 </p> <p>                     We recommend storing outdoor furniture under cover when not in use to extend the life of the fabric.                 </p>
<b>Weight</b>	654 Gm2
